MAHARISHI UNIVERSITY OF INFORMATION TECHNOLOGY  
Maharishi Nagar, Sector 110, Noida (U.P.) 201304

The purpose of education is to culture the mind of a man so that he can accomplish all his aims in life. Education, to justify itself, should enable a man to use the full potential of his body, mind and spirit.

It should also develop in him the ability to make the best use of his personality, surroundings and circumstances so that he may accomplish the maximum in life for himself and for others.

-Page 210, Chapter Eight, 'Education', from the Science of Being and Art of Living by *His Holiness Maharishi Mahesh Yogi*

**The Great Visionary  
Leadership of Chancellor  
Ajay Prakash Shrivastava**

---

Greetings from the Chancellor of the University, a unique educational institution that puts the focus back on the intended goal of the education system: the Complete, Holistic development of the student. Our goal is to ensure that the student does not become merely a bread earner but a Healthy, Happy, Creative, Empathetic, Stress-free individual who contributes maximally to the continuous growth of Self, Family, Society, Country, and the World.

This is made possible through an Amalgamation of the Vedic concept of Consciousness, the basis that allows for the use of the full creative power of the fundamental laws of nature for effortless evolution in all areas of life, with Modern Curriculum, Updated Technology, and Student-Centric Teaching methods. Transcendental Meditation, a practical, scientifically verified, globally recognized meditation technique, is practiced by all the students and faculty, which lends the University Atmosphere an Air of Peace, Progress, Synergy, and Sustained Evolution.

# Recruitment Partners & Corporate Allies

## Campus Placement

Placement cell at our university is a pivotal bridge between academic excellence and professional success. It is committed to empowering students for the workforces and, our dedicated team collaborates with industry leaders to secure rewarding employment opportunities. Through personalized career guidance, resume workshops, and mock interviews, we prepare students for the competitive job market. The cell fosters strong connections with a diverse network of employers, facilitating internships and placements across various sectors. With a focus on skill development and industry relevance, we strive to ensure that our graduates are well-positioned for successful and fulfilling careers.

Welcome to a pathway that transforms education into tangible professional success.

## Global-Standard Infrastructure

### MUIT's Excellence in Campus Infrastructure

Maharishi University offers a world-class campus designed to inspire learning, innovation, and holistic development. With modern academic buildings, advanced laboratories, digital classrooms, high-speed connectivity, and fully equipped libraries, the University ensures a seamless learning experience. The campus also includes student-centric amenities such as hostels, sports facilities, auditoriums, and recreational spaces, creating an environment where students can grow academically, professionally, and personally. MUIT's commitment to excellence is reflected in its state-of-the-art infrastructure that supports quality education and overall student success.

### On Campus Hostel Facilities

Maharishi University provides safe and comfortable separate boys' and girls' hostels, available both on campus, ensuring secure accommodation, hygienic food, and a supportive living environment.

### Food Court

Maharishi University provides a clean and hygienic canteen offering fresh, affordable, and diverse food options to ensure a healthy and comfortable dining experience for students and staff.

## Global-Standard Infrastructure

### Library

The Central Library at MUIT serves as a rich knowledge hub, offering a wide collection of books, journals, e-resources, and reference materials across all disciplines. With a quiet, well-organized study environment and digital access facilities, it supports students and faculty in research, learning, and academic excellence.

### Advanced Teaching & Research Labs

Maharishi University is equipped with advanced teaching and research laboratories designed to provide hands-on learning and innovative research opportunities. The labs feature modern instruments, high-end technology, and industry-standard equipment, enabling students to gain practical skills, conduct experiments, and deepen their understanding of emerging technologies.

### Interactive Smart Classrooms

Maharishi University features state-of-the-art interactive smart classrooms equipped with digital boards, projectors, and advanced learning tools. These technology-enabled spaces enhance teaching effectiveness and make learning more engaging, interactive, and student-focused. The environment encourages collaboration, clarity, and real-time access to multimedia resources, ensuring a modern and immersive academic experience.

## Global-Standard Infrastructure

### Moot Court

The Moot Court of Maharishi University of Information Technology (MUIT) serves as a practical training platform for law students, bridging the gap between classroom learning and real-world legal practice. It provides students with hands-on experience in legal research, drafting, advocacy, and courtroom etiquette through simulated court proceedings. Equipped with a professional courtroom setting, the Moot Court at MUIT encourages critical thinking, ethical practice, and confident argumentation, preparing students to excel in litigation, judiciary services, and other legal professions.

### Sports

Sports promotes physical fitness, teamwork, and sportsmanship as an integral part of holistic education at Maharishi University. The University provides excellent sports facilities and encourages student participation in a wide range of indoor and outdoor games. Through regular training sessions, inter-university tournaments, and annual sports events Sports helps students develop discipline, leadership qualities, and a healthy competitive spirit, contributing to their overall personality development and well-being.
